

Thyroid Complex

Superior Thyroid Support*

Delivering Health Solutions That Work

MediHerb was co-founded in 1986 by world-renowned phytotherapist, Professor Kerry Bone. In his words, "Our passion at MediHerb is to unlock the healing power of plants by combining the time-honored wisdom of traditional knowledge with sound clinical experience and the rigor of scientific research. This quest can only be attained by the total commitment to quality and continuous improvement which permeates every aspect of our endeavors."

In over 25 years of operation MediHerb has not only demonstrated an unwavering commitment to quality in herbal products, we have redefined it. We believe our unique approach to quality sets a standard for herbal products that is unsurpassed in the world today.

Kerry Bone and over 20 health care professionals work within MediHerb while still maintaining their own clinical practices. We know from our experience that the quality of a product you take makes a huge difference to the health outcome you experience. We dedicate ourselves to researching and making the best possible products to deliver you health solutions that work.

Superior Thyroid Support

Thyroid Complex

MEDI HERB®

Thyroid Complex – Superior Thyroid Support

Like the conductor of an orchestra, the thyroid plays a vital role in keeping our bodies humming along in tune. Often called the “master gland”, it sets the tempo for normal energy production.

A healthy thyroid allows the cells in the body to be active and for the body to operate efficiently at good energy levels.

Thyroid Complex is a powerfully effective formula offering core support for the thyroid. It may assist with maintaining a healthy weight, improving energy levels and assist the body in achieving normal basal metabolism.*

Give your thyroid the natural support it needs, with Thyroid Complex.*

What is Thyroid Complex?

Thyroid Complex contains three highly synergistic herbs: Bladderwrack, Ashwagandha and Bacopa.

Bladderwrack (*Fucus vesiculosus*) has been used traditionally to help support healthy weight. It is a shore-dwelling seaweed containing free and organically bound iodine.*

Iodine is essential for the production of thyroid hormones and healthy thyroid function. It can't be stored in the body, so iodine is obtained through food, including seafood, or through a dietary supplement.*

Ashwagandha (or Withania) is an herb native to India. Used traditionally for thousands of years as a general tonic, this calming herb can also help reduce the effects of fatigue and stress.*

Bacopa has been revered for centuries in India. A natural memory enhancer, it helps reduce the effects of mental stress and improves mental alertness.*

How is Thyroid Complex Unique?

Each of our Thyroid Complex tablets is standardized to contain 600 mcg of iodine and 25 mg of bacosides as bacoside A, guaranteeing optimal quality and strength.

You can be completely confident that MediHerb's manufacturing process maintains the integrity of every component of the finished product.

MediHerb sources only the highest quality herbs. Then we test them extensively, to deliver you an optimal product.

Who Needs Thyroid Complex?

If your energy levels are low, or you wake up still tired after a night's sleep, Thyroid Complex is the natural way to boost healthy thyroid function.*

Enhancing thyroid function may also be helpful in addressing weight related challenges.*

MEDI  HERB®

Compelling Benefits

The compounds in Thyroid Complex work together to:

- Support healthy thyroid function important for normal energy production
- Maintain normal thyroid function
- Possibly assist the body in achieving normal basal metabolism
